Our accommodation team have been allocated more time to deep clean our rooms after departure and to ensure that all of our strict guidelines are adhered to. Staff will wear appropriate PPE at all times during cleaning of our guest rooms. The rooms will be ventilated during servicing. Disinfectant sprays and wipes will be used to clean all hard surfaces including telephones, remote controls and switches.

All of our towels are washed at 60-90 degrees. Our linen company return our linen packed and laundered to a very high standard. Accommodation trolleys will be disinfected regularly and limited to use by team members per shift. Our Accommodation manager/supervisor will then recheck each guest room after deep cleaning.
